# WHAT TO PACK

## HUMANS CHECKLIST

### **FACE MASK**

You will need to wear a mask in the indoor areas, including the communal kitchen, bathrooms and on-site pub. The mask may also help you to feel more comfortable during some of the outdoor activities.

### **BEDDING**

While each accommodation comes with beds, they don't come with bed sheets, duvets and pillows and you'll need to bring your own. Contact Camp Katur, two weeks before to add them onto your booking. Hired bedding costs £10pp and includes a duvet and cover, pillow, pillow case and bed sheet). However, your dog won't be allowed on hired bed sheets, so at least if you bring your own you can snuggle up together.

### **SUITABLE FOOTWEAR**

Some amazing walks lined up, but they're no walk in the park. So be prepared for mud!

### **TORCH**

There's no external lighting at night, which is great for seeing the stars, but not so great for finding your way around! Torches or battery powered lanterns are strongly recommended.

### **FOOD**

You can purchase food in the on-site pub, but it's always worth bringing food and snacks those in-between moments (including marshmallows)! There's a communal kitchen on-site with gas cookers, so you can cook up something tasty. We also have Crepe Lucette joining us on the Saturday who cooks up crepes for humans and dogs.

### **PORTABLE CHARGER**

This place is off-grid, meaning there's no access to plugging in your phone or straighteners. We recommend a portable charger to ensure you are never caught short!

### **TOWELS**

Towels are not provided, but if you contact Camp Katur, these can be added onto your booking £4.00 includes 1 hand towel and 1 bath towel.

### **HOODIES & WATERPROOF COAT**

While we are all crossing our fingers and paws for sunshine, this cannot be guaranteed and no one wants to be cold, wet and (let's face it) grumpy during your holiday!

# WHAT TO PACK DOGS CHECKLIST

## **COLLAR/HARNESS (WITH ID TAGS)**

By law, your dog must be microchipped and wear an ID tags. A collar light/reflective is particularly useful onsite during the evenings.

## **LEAD (SHORT & EXTENDABLE)**

You'll need a lead for most of the activities and also during some of the wooded walks to protect the birds who are nesting. Dogs are allowed off-lead in 'The Meadow' provided they are easy to recall and no other dog's are on a lead nearby. A dog screw comes in handy, so you can secure your pooch safely outside your base and relax.

## **BED/BLANKETS**

It's always worth bringing your dog's bed for extra comfort. Remember - if you're cold on a chilly night, your dog is too, take extra blankets.

## **BACKPACK**

Backpack can come in handy throughout the day to make sure you can carry your dog's treats, poo bags, water bottle and any other goodies.

## **FOOD/ TREATS**

Don't forget their food, treats and bowls. Also portable water bottles are great for the hikes.

## **POO BAGS**

Bodily functions don't come with a warning, so be prepared with plenty of poo bags.

## **TOYS**

Toys can keep them active, or provide comfort. Charlie will be packing his favourite squeaky monkey to pop in his bed for familiarity.

## **FASHION**

We have a professional photographer on site all weekend to capture the special moments and there is also the fun dog show prior to check out on the Sunday! Your pup will want to look their best to claim the title of Dog of the Weekend!

## **FIRST AID KIT**

Pick up a little kit from online in case of any mishaps. Also, find out where the nearest vets is prior to arrival.
